Lime Sour Margarita Mix is the classic balance of lime and lemon juices for the traditional Lime Margarita. The blend of all natural juices and pure cane sugars is a fresh, clean taste that embraces the unique flavors of your premium tequila and liqueurs. Don't be shocked when you use less liquor to achieve your desired flavor profile.

Citrus Sour Margarita Mix puts an Orange twist on the classic Lime Margarita with little or no added Orange Liqueur. Both Lime Sour and Citrus Sour blend with three parts water for frozen batches, or one-part water for Bar Mix.

Citrus Fusion is the "One Step" mix for margaritas. This elegant one-to-one mix is for speedy Top Shelf pours. Citrus Fusion's super-premium blend of Fresh Lime, Fresh Lemon, Fresh Orange and cane sugar requires nothing more than your customer's call and a speedy shake or blend.
